Congregation at St. John Church to Act on Building Plans Monday

Building plans for an addition to St. John's Evangelical and Reformed church in Mokena which have been in the making for some time will be presented to the congregation for action at a special meeting to be held next Monday night, June 24th, at 8 o'clock.

The need for this addition has been pressing for some time, it was pointed out, since all the departments of the Sunday school are overcrowded. Equal need also is felt for more adequate kitchen facilities, office and work area, minister's study and storage space.

The structure as planned will be two stories high, 102 x 52', and built of brick to the north of the church.

The building committee is composed of Roy Kropp, president; Hans Mueller, vice president; Mrs. Kenneth Fulton, secretary; Adolph Steen, Albert Lorenz, Henry Clark, Jr., Mrs. Clarence Laufer, Mrs. Henry Clark, and the Rev. William J. Riemann, ex officio member. Several subcommittees have had a vital part in developing the plans, it was stated by those in charge.

Mokena State Bank To Operate on New Schedule July 1

The Mokena State bank is announcing new banking hours which will become effective starting July 1.

The new hours will be 8:30 a.m. to noon and 1 to 3 p.m. on Monday, Tuesday, and Thursday. These hours also will be observed on Friday plus the addition of evening hours from 5:30 to 8 p.m. On Saturday the bank will be open as of now, just a half day from 8:30 a.m. to noon, and closed all day on Wednesdays.

If a legal holiday falls on any day other than Wednesday, the bank will be closed that day but will be open on Wednesday. The night deposit service will be in effect every hour of every day and night.

Cooperative programs in engineering education at Illinois Institute of Technology, Chicago make possible nearly complete financing of a college education coupled with valuable industrial experience.

Gertrude Smith, 71, Dies After Long Illness

Miss Gertrude S. Smith, 71, Front st., Mokena, passed away in her home Wednesday morning June 19, after a long illness.

She was born in Chicago, the daughter of the late John and Mary Smith.

Miss Smith moved to Mokena 13 years ago and lived with her sister Ethel and brother George. She was employed as a hair dresser in the Woman's Athletic club in Chicago, where she made her home for many years. Previous to moving to Mokena, she lived in Cary, Ill. for several years.

She was a member of the Sacred Heart league of St. Mary's Catholic church, Mokena.

Besides her sister Ethel and brother George, Miss Smith is also survived by nieces and nephews. A sister, Irene, died four years ago and another sister, May, died six years ago. An other sister and a brother also preceded her in death.

Removal was to Hirsch Funeral home in Tinley Park where friends may call Thursday after noon and evening. Funeral services will be held in St. Mary's church, Mokena, Friday at 9:30 a.m. with burial in All Saints cemetery in DesPlaines.

Sportsman Club to Hold Picnic June 30 At Frankfort Grove

The Frankfort Sportsman club will hold their annual picnic in the Frankfort Grove on route 45, Sunday afternoon and evening June 30.

The committee in charge state their will be ample refreshments and beverages so that any one can come at noon when the picnic opens, have their dinner, and supper enabling them to stay all afternoon and evening.

Games are being planned to suit and entertain all ages, with prizes in the children's games. Dancing will also be provided. There is no admission charge to the grove.

Funeral Tomorrow For Wayne Massey Auto Crash Victim

Funeral services will be held tomorrow afternoon for Wayne Massey, 24, 308 Oregon st., Frankfort, who was killed early Tuesday morning when his car left the road, plunged thru a fence and sheared off a telephone pole. The accident occurred on U. S. 30, about half a mile east of Wolf road. He was alone.

Apparently Massey was killed instantly. His back was broken and he suffered their fractures and internal injuries when he was hurled out of the car.

Investigators were of the opinion that Massey may have dropped off sleep, as marks indicated the car left the highway on a steady course rather than an abrupt turn. The accident occurred about 1:30 o'clock where Route 30 runs along the Jake DePorte farm.

The victim was in business with his father, Amos (Ted) Massey, in the operation of a gas

service station and motel at the junction of U. S. 30 and 45 at Frankfort. He had left the station shortly before the crash. There were no witnesses but Chief Deputy Coroner Harry Grant said that apparently Massey was west bound. No date has been set for the inquest.

Removal was to the Carlson funeral home, Benton and Youngs ave., Joliet, from where services will be held tomorrow afternoon at 2 o'clock with the Rev. Erich G. Bizer officiating. Interment will be in Elmhurst cemetery, Joliet. Friends may call today between 2 and 5 and (Continued to page 12)

Pastor Will Observe 40th Anniversary

The Rev. Erich G. Bizer, pastor of St. Peter Evangelical and Reformed church of Frankfort, will observe the 40th anniversary of his ordination Sunday, June 23.

At the 10:30 o'clock service Sunday morning the Rev. Arnold Bizer, son of the pastor, will

be the liturgist and the sermon will be given by Dr. William Rest of Chicago, president of the North Illinois Synod.

In the afternoon from 2 to 5 o'clock open house will be held in the church parlors and again from 7 o'clock on in the evening. Everyone in the area is invited.

An informal program will be given at the evening open house, at 7:30 o'clock. Pictures and dis- (Continued to page 12)

Carol Fasset Patient In Georgia Hospital

Carol Fasset, 15, daughter of Mr. and Mrs. James Fasset, formerly of Mokena, is a patient in the Georgia Baptist hospital Boulevard ave., N. E. Atlanta, Ga., where she recently underwent an operation on the left leg.

She would appreciate receiving cards from her Mokena friends.

Her parents have taken up residence in Atlanta, to be near her.

Frankfort Girl to Study Dance at Music Camp

Frankfort will be represented at the famed national music camp at Interlochen, Mich., this summer by Miss Mary Ann Otto, a private student of Miss Lillian Collins, and a student at the Kelly School of Dance, Joliet. Mary Ann is planning to specialize in dance and piano at camp this summer.

The national music camp which is celebrating its 30th anniversary season was established at Interlochen, Mich. in 1928 to provide specialized ad-

vanced instruction for unusually talented young musicians. During the years it has expanded its program to include art, drama and dance studies.

The camp, which runs from June 23 thru Aug. 18, boasts eight symphony orchestras, four symphonic bands, seven choral organizations, and numerous other activities which provide training and experience in music. (Continued to page 12)

Frankfort Bank Ready Now For Drive-in Trade

The Frankfort State Bank has again taken a step forward by installing a drive-in window which will result in considerable time saving and more efficient service for its customers, who may now do their banking while sitting in their cars.

The window, which is located at the west side of the bank building, may be reached by motorists driving into the alley from Nebraska st. When banking transactions are completed, motorists may proceed south to Oregon st.

This service is especially acceptable to mothers who need no longer worry about leaving small children in a parked car and to farmers who can come as they are because it will not be necessary to leave the car.

The alley has been graded and resurfaced for convenient driving. Frankfort is the second community in Will county to have drive-in banking, the first one being in Joliet.

The officers and directors of the bank are to be complimented upon their progressive approach to improvements such as this which provides modern time saving service to the community.

Cartoonist Thomas Nast is responsible for the Republican elephant and the Democratic donkey.

Vacation Bible School to Hold Demonstration

A demonstration program will be presented by the students of the Frankfort community vacation church school tomorrow night, Friday, June 21, at 7:30 o'clock, according to Rev. Ben F. Day, dean of the school. The public is invited to inspect craft and handwork at 7:00 p.m. or following the program. All classes will have a display of work they have done during the two weeks and of things they have made. The program will be held in the basement of St. Peter Evangelical and Reformed church and the displays for all classes and departments will be arranged at the St. Peter's church.

Children from four years thru eighth grade graduates have been attending classes from 9-11:30 a. m. at the St. Peter and Frankfort Methodist churches since June 10. The curriculum includes worship, creative handicraft, fellowship in addition to Bible study.

The Rev. Erich Bizer is assistant dean and treasurer of the school. He has announced that a free-will offering will be received at the program to help with the costs of operation of the vacation church school.

The general public is invited to attend both the program and the class displays. The program is planned for one hour in duration.

Death Rules Holidays

From Independence, Calif., to Independence, Mo., to Independence, Va., Americans will celebrate the 181st anniversary of their independence on July 4.

In 1956, a total of 137 persons died in motor vehicle accidents during a one-day holiday. Seventy-six drowned. One was a victim of fireworks. Thirty-eight others died from miscellaneous causes.

The last four-day Fourth of July holiday was in 1950. A shocking 491 traffic deaths were recorded. A total of 793 persons died from all causes. And the traffic accident death toll that year was well below what it is now.

What kind of Fourth of July will this be for the nation's motorists? For the swimmers? For the tots who swirl sparklers?

It will be a fun-filled Fourth if it's properly controlled. On this 181st birthday of U. S. independence, a look backward shows graphically how controls contribute to safety.

In the year 1903 fireworks took 466 lives. The fledgling automobile — a stiff-jointed youngster then—took only 400 lives for the whole year.

Last year on the Fourth only one person died from fireworks. But on the highways between Independence, Calif., and Independence, Mo., and Independence, Va., 137 died in auto accidents—in one day!

The National Safety Council, in an effort to make this Fourth a holiday from accidents, urges motorists — and the swimmers who'll swarm to beaches and the youngsters who'll thrill at the excitement of fireworks—to "Be safe on the Fourth—be alive on the Fifth!"

A writer in the Journal of the American Medical Association has this to say about weight-reducing drugs: "No known drug or compound may safely be taken without medical advice to cause loss of weight. The word 'safely' deserves emphasis, since some drugs, which have succeeded in taking off pounds, have had the disadvantage of making some people blind and killing others."

Will You Be One of the Drivers Able to Celebrate Fifth of July?

If you are a man between 25 and 44 years old, and you drive a car, be extra careful in traffic over the Fourth of July week-end.

The National Safety Council, which is conducting a nationwide campaign to hold Fourth of July accidents to a minimum, says the typical holiday traffic victim is a male driver between 25 and 44 years old. He usually is the only one killed in the crash in which he is involved, either because he is alone or because the others were lucky enough to escape death.

The accident in which the typical holiday victim dies occurs between 6 p.m. and midnight—with the odds on 6 to 9 p.m.—on the night of the first full day of the holiday period.

The accident is most likely to occur on a rural highway or in an unincorporated area, and the chances are good that the victim has been drinking.

Speed Big Factor

The typical victim is speeding when the accident occurs. It is caused by an out-of-control plunge off the road or a rending crash with another car.

A recent study by the council of holiday traffic accidents shows that the most dangerous period for the holiday traveler is while enroute to his holiday destination, rather than the trip home.

Motor vehicle accidents lead the list of Fourth of July hazards, the Council says. Drowning from swimming and fishing accidents is the second biggest risk. Other causes of death are fireworks and firearms, sunstroke and heat exhaustion, food poisoning and falls.

One hundred and fifty-eight national organizations have joined with the Council in a united effort to curb these accidents. The Fourth of July safety campaign is designed to increase public awareness of the extra holiday hazards and the extra caution needed to overcome them. It also seeks to help officials, traffic officers and safety leaders in their efforts to hold down the death toll.

Open Mammoth Grain Elevator at Lake Calumet

Illinois Grain Corporation's magnificent Gateway Elevator at Lake Calumet—an \$8 million investment leased for the purpose of obtaining a more competitive price for grain produced by Illinois farmers — was formally dedicated June 15.

In an atmosphere stressing a bright future for cooperative grain marketing because of broadening water transportation facilities, Mrs. J. Howard Stone,

wife of the president of the Farm Bureau cooperative at the time of his death in 1955, formally dedicated the 6½-million bushel structure.

Mrs. Stone pushed the button which elevated a portion of grain up one of the four elevator legs in this giant, streamlined maize of conveyor belts, storage bins and loading and unloading equipment.

Fred J. Watts, Jr., manager of Illinois Grain Corporation, said leasing of the facilities built by the Chicago Regional Port District gives the Corporation large storage facilities in a strategic location.

"When the St. Lawrence Seaway project is completed, grain can move to European ports very efficiently", he explained.

The Illinois and Mississippi rivers provide ideal transportation to bring the grain from all parts of Illinois to Chicago for storage and subsequent sale for the benefit of farmers, he emphasized. Located at the rail center of the world, Gateway Elevator will be able to receive grain from all parts of the state and these facilities will relieve the pressure on country points during the peak harvest season.

Several thousand farmers visited Gateway Elevator during the open house and inspected the structure. They learned that because of careful planning and use of modern machinery, the same number of employees will be able to operate this 'push button' elevator as were required to operate the smaller Iron-ore Elevator. Iron-ore held 2½ million bushels compared to Gateway's 6½ million bushel capacity.

Equipment to dump trucks and railroad cars and to unload ships and barges at extremely fast rates speed up operation of the elevator. Eight spouts capable of loading water-bound vessels at the rate of 100,000 bushels an hour are also part of Gateway Elevator's equipment!

In the dedication program, William J. McDillon, chairman of the Port District, revealed Illinois Grain Corporation was the first prospective tenant contacted in the campaign to bring important businesses to Lake Calumet as part of its expansion program.

R. Keith Sickles, manager of the Ursa Farmers Cooperative Company, represented the 156 cooperative county elevators at the dedication program. He said the new elevator gives Illinois Grain Corporation the chance to render fine service to member companies in the field of grain handling, storage, and merchandising.

"The basic objective of Illinois Grain Corporation is to help the grain producer do a better job of marketing his grain, he said. "This also is the objective of our companies.

"Savings at any level in grain

or in terminal markets—help handling—at country elevators farmers of Illinois realize a better profit on their operation."

Pokagon Trails Scout Council Seeks Funds

To raise capital funds for urgently needed expanded camping facilities, Pokagon Trails council of Boy Scouts of America will inaugurate a sustaining membership enrollment thruout June, according to Joe Swingle, council finance committee chairman and Homewood village president.

Community Funds and United Chest provide operating funds for the day-by-day expenses of the council. "This money," he said, "cannot be used for capital funds, which are urgently needed to expand our camping facilities."

Pokagon Trails council has 4,000 boys in 168 Boy Scout and Explorer units in 38 communities on Illinois and Indiana competing for limited camping facilities. Its only summer camp, Camp Betz, near Berrien Springs, Mich., has a season capacity of 1,000 boys. There are weekend sites at Camps Egger, Hawes, Nissaki, and Roe. Including Cubs, Pokagon Trails council serves 10,000 boys, a growth of 3,000 in three years.

Needs Sustaining Members

Mr. Swingle said sustaining membership enrollment is being followed in 82 per cent of Boy Scout councils thruout the United States. "This annual and renewable membership fee per-

mits Scouters and friends of Scouting to identify themselves with the local program," he said. "Membership indicates acceptance of responsibility for partnership in the Scouting enterprise. Members obtain satisfaction in actually helping the local council to expand, taking advantage of new opportunities of serving youth."

Sustaining membership enrollment fee minimums will be \$10 for individuals and \$100 for service clubs, institutions, and industry.

Clifford T. Nicholson, 6904 Olcott, Hammond, will be general chairman of the sustaining membership enrollment. A Scouter for six years, he is administrative assistant to the president of Standard Oil Company. Area enrollment chairmen will be Walter Forbes, Whiting; Lawrence Hoffman, Hammond; John Parker, Schererville; Henry Thoenig, Chicago Heights; Alan R. Graff, Flossmoor; and Richard Curtis, Dolton. Area chairmen will choose city chairmen, who, in turn, will select group chairmen. John Canning of Homewood will be public relations representative for the council enrollment.

THE SOCIAL WHIRL

Weddings, Engagements, Clubs, Women's Activities

June Church Wedding Unites Sally Payne, Charles Albert

Miss Sally Jo Payne, daughter of Mr. and Mrs. Joseph Payne, 16649 Oak Park ave., Tinley Park, and Charles Albert, son of Mr. and Mrs. Joseph Albert, of Orland Park, were united in marriage Saturday, June 15.

The wedding took place in St. John Evangelical and Reformed church, Mokena. The Rev. William Riemann officiated at the double ring ceremony.

The bride wore a full length Chantilly lace and net scalloped gown with a sweetheart neck line and finger tip sleeves and matching hat with finger tip veil. Her only jewelry was a pearl necklace, a gift of the groom. She carried a colonial bouquet of white carnations and stephanotis.

Carol Payne served her sister as maid of honor. Bridesmaids were Charlotte Albert, sister of the groom, and Joann DeWeichel, cousin of the groom. They wore gowns of Nile green chiffon, ballerina length and matching hats. They carried pink carnation colonial bouquets.

Keith H. Pavne, brother of the bride, of Tinley Park, was

best man. LeRoy Anderson, of Oak Forest and Joseph Albert, brother of the groom, of Orland Park, were ushers.

The mother of the bride wore a pink flowered chiffon dress with white accessories. The mother of the groom wore a gray and white satin finish dress with white accessories. Both wore pink and white carnation corsages.

The groom's grandmothers, Mrs. Charles Albert, of Orland Park; and Mrs. Albin Jacobson, of Chicago; who attended, had white carnation corsages.

Oliver Keislar sang "I Love You Truly", "Because", and "The Lord's Prayer." Mrs. Donald Maue was organist.

A reception for 150 guests was held in Goodings Grove hall, at Lockport. Center of interest on the bride's table was a four tiered wedding cake.

Out of town guests were from Chicago and Detroit.

The newlyweds motored to Kentucky and Tennessee. When they return they will make their home in Tinley Park.

Orland Methodist WSCS Has Election; Staff is Installed

New officers at the meeting of the Women's Society of Christian Service of the Orland Park Methodist church June 13 are:

Mrs. Stanley Cooper, vice president; Mrs. Sherman Knox, treasurer; Mrs. Forrest Miller, Sr., promotion; Mrs. Frank Buck student, youth and childrens work; Mrs. Franklin Loebe, literature and women status. They were installed by the pastor, the Rev. Robert L. Plastow. Mrs. Buck and Mrs. Loebe were unable to attend the meeting.

The group decided not to hold meetings during the month of July and August, but the executive board would meet in case of emergencies.

The society will sponsor a sweet corn supper when corn is available.

July 11 is WSCS day at the DesPlaines camp meeting. It will be observed with an educational seminar with the theme, "Till Christ Shall Dwell In Every Heart." Those desiring to attend should contact Mrs. Anderson before July 5 for luncheon reservations.

For the devotional period of the June 13 meeting, Mrs. Robert Plastow was in charge of the program on the topic of Psalms from the Parsonage.

Refreshments were served by Mrs. Lester Sayers and Mrs. Howard Sayers.

Molding iron dust thru powder metallurgy has produced a supper magnet which does not require scarce cobalt, thus allowing its use in nuclear reactors.

Legion Auxiliary of Orland Park Elects Officers

At the meeting of the American Legion Auxiliary, 526, of Orland Park, held June 14, the following new officers were elected.

Dorothy Thoms, president; Gustie Hallinan, first vice president; Elsie Robson, second vice pres.; Lillian Knox, treasurer; Adele Cooper, historian; Sarah Myrick, chaplain and Florence Sayers, sergeant at arms.

Mrs. Thoms read the history of the unit for 1957, and reported that the unit had received a citation of appreciation from the department of Illinois for its 1956 history. They also received a citation on its nine point rehabilitation program.

The department will hold its annual convention Aug. 1, 2, 3, and 4 in the Palmer House, Chicago. President Dagmar Myrick and Mrs. Thoms will be delegates.

Judith Louise Nelson, 128th and 81st ct., Palos Heights, an "A" student at Carl Sandburg high school, has been selected to attend Illini Girls state at Jacksonville. She will leave on June 18.

Mrs. Adele Cooper read a poem composed by Mrs. Robert Plastow, in memory of the following deceased members: Edyth Myrick, Mollie Reish and Etta Haas.

Cynthia Cooper, a junior member, read a song "O Starry Flag" in commemoration of Flag day.

Elsie Robson read an article from the National magazine, entitled "Today's Realities and Tomorrow's Heritage." The program was closed by all singing, "The Battle Hymn of the Republic." Refreshments were served by Hilda Nitsche, Elsie Robson and Dorothy Thoms.

ENGAGED—Mr. and Mrs. Robert D. Fogarty, 155th and Wolf road, Orland Park announce the approaching marriage of their daughter Miss Jewell Marie LaFevre to Mr. Donald Schroll, son of Mr. and Mrs. Henry Schroll of Packwaukee, Wis.

The wedding will take place in St. Michael's Catholic church, Orland Park, Saturday afternoon, June 29 at 3 o'clock. The reception will be held in the Goodings Grove hall at 8 p.m.

Tinley Methodist Church Scene Of Bettenhausen-Boothe Wedding

At a candlelight service in the Tinley Park Methodist church on Saturday, June 8, Miss Shirley Bettenhausen became the bride of Richard Boothe.

The bride is the daughter of Mr. and Mrs. Paul Bettenhausen, 17019 Riverside drive, Tinley Park. The groom is the son of Mr. and Mrs. George Boothe, of Oak Forest.

The church was decorated with clusters of flowers.

Mrs. Ruth Jochum played organ selections as the guests assembled in the church and also accompanied Mrs. Dorothy Gerth when she sang, "The Lord's Prayer" and "Because".

Escorted down the aisle by her father, the bride wore a gown of white lace with scalloped neckline, trimmed with seed pearls and iridescent sequins. The skirt of the long-sleeved gown was fashioned with lace panels over two layers of net. Her fingertip veil was caught with a pearl and lace pillbox crown and she wore a single strand of choker pearls, a gift from the groom. Her flowers were white calla lilies and pink stephanotis.

Miss Alice Albright, the maid of honor, wore a yellow gown of chiffon. Streamers from the neckline fell over the flared skirt covered with lace. She wore a small yellow hat with short veil and a crystal necklace, a gift from the bride.

The bridesmaids, Miss Bonnie Bettenhausen, sister of the bride, Miss Joyce Boothe, sister of the groom, and Miss Lorraine DeValk, wore identical chiffon ballerina length gowns, in orchid, blue and pink respectively. Streamers from the neckline over the flared lace skirts added to the charm of the gowns. Each wore matching hats and necklaces which were gifts

from the bride. Their bouquets were red gladioli.

Bobbie Jo Brown, cousin of the bride, who served as flower girl, wore a floor length Nile green gown fashioned with tiers of net. A floral headpiece and a cross, gift of the bride, completed the ensemble. She carried a basket of spring flowers and scattered rose petals as she walked down the aisle.

The groom's nephew, Jimmy Boothe, served as ring bearer. Candle lighters were Jerry and Earl Breitbarth.

The groom's attendants were Wally Kleyhauer, best man; Roger Boothe, brother of the groom; Charles Brown, uncle of the bride; and Arthur Novak, were ushers.

The bride's mother was lovely in a turquoise lace top gown with a flared skirt. She wore a white picture hat and a pink rose corsage.

The groom's mother wore a shrimp colored dress with white accessories and a pink rose corsage.

Mr. and Mrs. Ben Brown, of Crown Point, Ind., grandparents of the bride; and Mrs. Philip Uthe, grandmother of the groom attended the wedding.

A reception for 300 guests was held in the American Legion hall, Tinley Park. A buffet dinner and a four tiered wedding cake were served. Music for dancing was provided by the Marvin Kollman band.

Rita Vladika caught the bride's bouquet and Robert Ulloa, the bride's garter.

The young couple moved into a new home at 16949 Forest View drive, Tinley Park, following a motor trip to Tennessee.

The bride is employed at Geo. F. Brown and Sons, Inc., Chicago; and the groom at the Martin Implement Sales, Orland Park.

Royal Neighbors of Tinley Park Hold Memorial Service

Dew Drop Camp 2023 of Tinley Park Royal Neighbors met Tuesday evening in the American Legion hall to conduct a memorial service with Chancellor Gladys Reder presiding.

Oracle Lottie Rasmussen called for special reports from Lulu Anfield, chairman of the recent birthday dinner and the chairman of the sick committee reported Gloria Burleson ill in St. Luke hospital.

Important issue of the business meeting was the decision to have but one meeting in July and August on the second Tuesday, to be a combination business and social affair. Helen Osberg was appointed special auditor.

The evening's award was presented to Birdie Mancke.

Frieda Roth, Louise Goessel and Annie Dull were hostess.

Harold Clement Receives Degree At Northwestern

Harold J. Clement, 6654 Hubbard lane, Tinley Park, received a master of arts degree June 17 from Northwestern university.

The commencement exercises were held at 11 a.m. in McGaw Memorial hall in Evanston, when 2,583 degrees and diplomas were given at the university's 99th annual commencement.

Mr. Clement was a former teacher in the Tinley Park public school and is now a teacher in the Homewood public school. His family consists of his wife Gloria and three daughters.

St. John's Women's Guild to Meet With Friendly Circle

Members of the Women's guild of St. John's church, Mokena, have changed their regular form of meeting. Instead of having their regular meeting this afternoon, June 20, they will have a combined meeting with the Friendly circle of the church this evening starting at 7 o'clock.

A potluck supper will be served after which the Rev. William Riemann, pastor, will show the moving picture of the well known story, "Heidi."

The next meeting of the Guild will be Thursday afternoon July 18.

Tinley Tigers Bow to Riverdale 8-6

South Chicago Eagles Top League Standings At End of 1st Round

By DAN ANFIELD

The Tinley Tigers lost their second game in a row last Sunday the short end of an 8-6 score day when they finished up on in a game with Riverdale, there. This left the Tigers with 500 points in the standings at the end of the first round of play in the South Suburban league. Tinley won its first two games and lost the next two.

The South Chicago Eagles are winners of the first round of play. There will be three rounds so if the Eagles cop the next series it means they are the champions of the league, regardless of the outcome of the last round of tilts.

At this juncture I would like to say in my capacity as the author of this piece that Dan Anfield, as manager of the Tigers, does not look for the flag race to be concluded until the final round of play and that he expects the Tigers will be right up there at the end. They are improving all the time, he said, and should be a major factor in deciding the outcome of the flag fight.

In the game at Riverdale last Sunday the pitching of Bob Miller, a product of Northwestern university, was too much for the Tinleys. He held them to seven scattered hits and had his teammates been stronger on defense the Tigers would have scored fewer runs.

Eight Riverdale men batted in the first inning, Dave Zechlin, who started on the mound for the Tigers, was bombarded unmercifully and had to be lifted before he could retire a batter. The host team made four runs on four hits. Gerry Miller, who relieved Zechlin, fanned the first man he faced, got the second on a fly to left and made the next man up ground out. The fifth run of the inning came in on the long fly.

Riverdale picked up another run in the second on a walk an error and bloop single and scored another in the fourth and one more in the fifth to make a total of eight.

The Tigers came to life in the top of the fifth. The Eagles shortstop fumbled Morlock's grounder and he went to second on an infield out by Jerry Miller, and scored moments later on a single by Paul Ebeling.

In the next inning Tinley got another run on two hits and two errors. Bill Tuttle doubled to start things and came home on Becue's single. A bad throw enabled Becue to reach third but was unable to score on an error that allowed Roger Hug to reach first. At this point the score was 8 to 2.

In the eighth, Gerry Hug burned a hit down the third base line. Becue sent a roller to short but there was an error on the play and everyone was safe. Roger Hug doubled scoring his brother and Becu. Kuech fanned but Morlock doubled to score Roger Hug. Ebeling collected his third hit to score Morlock making the count 8 to 6 as the inning ended. Neither club could score in the ninth. Roger Hug, who pitched the last two innings for the Tigers struck out four and gave up one hit in that period.

Midgets to Race Sunday Night at Joliet Stadium

Midget auto racing will be moved to Sunday night this week, instead of making its usual Saturday night appearance at Joliet Memorial Stadium.

The racing program has been changed to make room for a Shrine club show in the stadium Saturday.

There will be several newcomers to the Joliet track in the lineup Sunday, headed by Lockport's Warren White, who won his first feature race victory last week. White has been finishing in the money every week, but was beaten out by veteran George Sillery of Chicago for feature laurels the first two Saturdays.

Among the other new drivers this year are Jack Chapman of Aurora, Corky Seaborg of Lockport, Roy Shields and Sonny Bessett of Joliet and Vic Watson of Mendota.

They will be battling such regulars as Johnny Riva of Morton Grove, Bernie Wilhelmi and Sam Robinson of Joliet, Paul Kerber of Elgin and Ken Rubright of Lyndon.

Time trials Sunday will start at 7:30 p.m. and the first race at 8:30 p.m. There will be a regular 25 lap feature, supported by four heat races, a trophy dash and 15 lap semifeature.

Infirmary Staff Softball Team Is Seeking Games

Staff members at Oak Forest Institution have organized a 16 inch softball team and are looking for competition. Week day evening games are preferred, however week-end games will be considered.

The Oak Forest team has a home field on the hospital grounds at 159th and Cicero, and would also like to travel to other teams' home fields.

Contact men for the OFI's are Walter C. Dohl, or Perry Latham, of the Institution's recreation department, and they may be reached at FU 8-2360 or WA 8-4200.

Members of the team are Samuel Benson, Gene Wilson, Ron Green, Ike Samuel, Johnny James, Willy Clay, R. Scott, George Daye, Stan Doenecke, John J. Harrington, W. Higgins, and Nehee Owens.

Morlock's Extra Inning Homer Wins For Orland Nine

The Orland Park entry in the Suburban Cook County Police baseball league, has won its third straight game. The Orlands downed the Midlothian Reds, 9 to 8 in an extra inning game on a homerun hit by Jay Morlock.

The Orland Babe Ruths also got off to a good start by trouncing Frankfort in the Tricounty league tilt, 8 to 1.

Softball Marvels to Play Tuesday at Manhattan

The "King and His Court, the original four man softball team, will appear at Manhattan, Tuesday night, June 25, to play the Shadow softball team. Game time is 8:30 o'clock.

This outstanding softball attraction played at Manhattan two years ago, and thrilled one of the largest crowds to attend a ball game there.

This will be the 12th year that this foursome has been traveling the country, and while playing

Eddie Feigner

regulation nine man teams, they have won over ninety percent of their games. In that time, "The King", Eddie Feigner, has struckout over 29,000 batters, some while he was pitching blindfolded, or from second base. Once Feigner pitched an entire ballgame blindfolded, striking out 18 batters, and winning 2 to 1. He has over 300 no hitters to his credit.

While the team amazes the fans with their defense in the field, they, also boast a power packed foursome at the plate. All four players have batting averages over the 300 mark, and are capable of hitting that long ball. In one game, Feigner while fanning 18 batters, also belted six home runs. Shortstop Mike Mellicke has hit as many as 80 home runs in one season.

Are Celebrities

Since their organization the team has won much fame, and during the off season are kept busy with personal and television appearances. The team was one of the feature articles in Life Magazine in May of 1952, and the team has also appeared on the TV show "You Asked For It". Two years ago, Feigner was one of the top attractions at the Chicago Outdoor Sports Show, and this past season, he made a tour of Pakistan under the sponsorship of the U. S. state department as an ambassador of goodwill.

This will be the third time the Shadows have played "The King and His Court". Two years ago at Manhattan, they were victims of their softball magic 7 to 2, and last year at Thillens Stadium in Chicago they were beaten 8 to 2.

Following the game, the team will present their very entertaining shadowball game, and Eddie Feigner will demonstrate his many pitching styles and speeds.

"Success is a ladder which cannot be climbed with your hands in your pockets!"

Tinley Girls Beat Oak Forest

The Tinley Park girls' softball team walloped Oak Forest last week 12 to 4. The game was played at Oak Forest and had to be called after five innings because of rain.

Winning pitcher was Georgetowne Zirbes. Judy Gray, who plays third base for the Tinleys, hit the only home run of the game.

The victory over Oak Forest was Tinley's second of the season. They have lost one game.

Trespassers on Own Property So Couple Sues

(CNS) Stanley F. and Sophia M. Franc, 17091 Murphy avenue, Hazel Crest, have filed a suit asking to void a village ordinance which makes them trespassers on their own property.

The superior court suit said on May 14, the board of trustees enacted the "Street Closing Ordinance" and closed Murphy avenue at 170th street, and closed 171st street at Western avenue.

They contend that these two streets are the only means of reaching their property, and the ordinance renders their property "useless." The village refused to listen to their complaints or to compensate them for damage done them, the suit charges.

The Francs ask the court to order the ordinance null and void, to restrain the village from enforcing the ordinance, or to pay them the \$25,000 which they contend is the value of the property, plus interest.

Crackel Announces Winners for U. of I. Scholarships

Winners of University of Illinois scholarships in Will county have been reported to Verne E. Crackel, County Superintendent of schools, under whose supervision competitive examinations for them were held last April.

They are: County, Charles P. Armstrong, Joliet high school; Dale F. Larson, Joliet high school; Judith Lee Weaver, Wilmington high; child of a veteran of World War I, Richard A. Jones, Joliet high.

Examinations for these scholarships are held annually in each county on the last Saturday in April under supervision of the county superintendent of schools, and the papers are graded at the university.

Deadline For Widows Claims

Willard A. Manning, Administrator of the Illinois Veterans' Commission, today reminded all widows of veterans who died of service-connected causes before January 1, 1957, that they may lose money unless they apply for the higher death compensation payments by July 1, 1957.

It was originally estimated that of all the 114,000 widows receiving compensation for the service-connected deaths of their husbands before January 1, 1957 approximately 104,000 were qualified to receive the higher payments. Approximately 80,000 widows have already applied for the higher payments.

Illinois Veterans' commission offices are prepared to assist widows in making application for increased compensation payments.

In Will County, veterans should contact the Illinois Veterans' Commission Service officer at 4 E. Clinton Street in Joliet. The office is open daily

Across The Counter . . .

"I've been reading about insurance in several recent national magazines," John Nelson, a local businessman remarked to me at a luncheon meeting. "But, don't you think the writers overstress the chances of a liability lawsuit?"

"Perhaps, John," I replied. "And yet, look at it this way. If your house burns down you lose the value of the house. If the family jewels are stolen, you lose the value of the jewelry. But if you face a lawsuit for damages, there is practically no limit to the amount you might have to pay."

"In other words, a lawsuit arising from your negligence could deal you a staggering financial blow. It might cost you everything you have and a large share of anything you acquire in the future. Because of that liability insurance particularly to a property owner is an absolute must."

John nodded. "But what if you're just getting started, such as I am, I'm not wealthy by any means."

"The size of the lawsuit doesn't depend on the size of your bank account," I replied. "Many people of modest means have faced a judgement of say \$50,000 or more. How do they meet it? If not fully protected by insurance, they sell their homes, auction their furniture, borrow against their life insurance and agree to pay the balance over future years."

John interrupted. "Hold it," he said. "or you'll give me indigestion. Seriously though, I'd like proper liability protection."

May we PROTECT you too, from liability claims? The cost for a blanket liability policy, excluding automobile claims, to cover all non-business activities can be as little as \$10.00 per year or \$25.00 for 3 years. Call us for further details.

Mokena Girl Scouts On Camping Trip Near Channahon

Troop 186, Mokena Girl Scouts enjoyed a troop camping trip to Channa-Chalet near Channahon, June 13, 14, and 15. During this period, Pok-A-Noka cabin was "home" for the following girls: Nancy Behen, Letty Fiegen, Marilou Gertenrich, Janet Geuther, Donn Halfacre, Elizabeth Ihde, Frances Klinger, Lois Kieslar, Dianne Lang, Dorothy Lavezzi, Irene Machalek, Margo Wagner and Karen Yunker.

Mrs. Harold Behen and Mrs. Robert Lang are co-leaders and Mrs. Hugo Niethammer accompanied the troop in the capacity of nurse. All meals were planned, cooked and served by the girls, using the patrol system.

Rainy weather prevailed most of the time. However, the girls were able to enjoy boating privileges Friday morning, under direction of Mrs. Howard Kern and three Mariner Girl Scouts from Lockport who assisted her. The girls were unable to make a five mile hike to the locks as they had planned, but did make some short hikes in between the rain drops. Games and singing were also enjoyed.

Saturday morning, the girls in vited Scouts from troop 50, Wilmington, to join them in a baseball game. Mokena won 12 to 2 and were especially proud as the other troop was composed of older girls.

This trip, at no expense to the girls, was made possible thru the sale of peanuts during the year. The troop wishes to thank all who supported this money making drive, and are looking forward to another camping trip next year.

Vacation Time Adds to Drivers Responsibilities

As schools discharge youngsters for a summer of fun, Charles M. Hayes, president of the Chicago Motor club, suggests that motorists observe extra precautions during the next few weeks.

Children will be chasing balls into the streets, riding bicycles between cars, and creating other safety hazards as they make the most of their weeks of freedom. Many of them are well-grounded in safety rules, and will present no special problems to drivers, but there are also many whose judgement is not sufficiently developed to prevent them from taking unnecessary risks.

Hayes points out that the school safety patrols, which have safeguarded many pupils at in-

tersections during school months will not be on duty during the summer. The white-belted patrol boys and girls will not be on hand as a visible reminder to children that they should obey traffic safety rules. To make sure the youngsters have an enjoyable, accident-free vacation Hayes said extra caution by motorists is indeed a small price to pay.

"One sure thing wrong with the younger generation is that a lot of us don't belong to it any more!"

The Women's Society of Christian Service of the Methodist church met in the church parlors last Wednesday beginning with dessert-coffee. Hostesses were Mrs. William Bettenhausen Sr., Mrs. Elmer Morrison and Mrs. Walter Kopman. The program and devotionals were Mrs. Siegfried Beckman, Miss Clara Andres and Mrs. Chester Steinberg. The new president, Mrs. Alfred Krapf was in charge. Plans were made to have their annual picnic at Van Horns Woods, Wednesday July 10, beginning with a pot luck dinner at noon.

Dinner guests Father's day of Mr. and Mrs. Albert Steinberg were Mr. and Mrs. Chester Steinberg and family of New Lenox and Mr. and Mrs. Earl Bettenhausen and daughter Marie Ann. Mr. and Mrs. Norman Erickson are parents of a son born June 13, in Silver Cross hospital.

Mr. and Mrs. Charles Krapf entertained their family at supper in their home Father's day.

Mr. and Mrs. Richard Borms and family spent Sunday with her parents, Mr. and Mrs. Elmer Steidinger at Fairbury and with Mrs. Eugene Durham of Norfolk, Va., sister of Mrs. Borms, who is visiting her.

A miscellaneous shower was given for Miss Beverly Krabbe in the Green Garden town hall Sunday afternoon by the Misses Norma Jean and Joann Burmeister. There were 70 relatives and friends present. The hall was decorated in the brides chosen colors, pink and white. She was presented a corsage of white carnations and pink rosebuds. Bunco was played with prizes awarded, with duplicate prizes given the honored guest. Refreshments were served. Miss Krabbe is the daughter of Mr. and Mrs. Edwin Krabbe of Matteson and will become the bride of Allen Burmeister, son of Mr. and Mrs. Irwin Burmeister Saturday afternoon, July 6, at 5 o'clock in the Zion Evangelical and Lutheran church at Matteson.

The Youth Fellowship of St. Johns Evan. church has invited the Youth Fellowship of the Green Garden Methodist church to be their guest this evening June 20.

The St. John Evan. church will serve their annual cold supper in the church Sunday June 30 beginning at 4:30 p. m. The public is invited.

Dr. Calvin Gander, dentist in Milwaukee, Wis., and son of the Rev. and Mrs. Ernest Gander, will be united in marriage with Miss Joan Landa, also of Milwaukee at services held in the Evangelical and Reformed church in that city June 22 at 1:30 p.m. The Rev. and Mrs. Gander, the former pastor of the North Peotone St. John's Evangelical and Reformed church will be hosts at a reception in their church Saturday evening, June 29 for Dr. and Mrs. Gander.

The staff of the daily vacation bible school held in the Green Garden Methodist church, will observe the closing of the school with a picnic Friday June 21 beginning at 11 a.m. All mothers of the vacation school pupils, are invited to attend and to bring weiners and buns for themselves. Other refreshments will be served by the staff who are: Mrs. Alfred Krapf, superintendent;

Mrs. David Dralle, assistant; Mrs. Raymond Bettenhausen, registrar; and teachers, Miss Janet Johnson, Miss Beverly Bettenhausen, Mrs. Dralle, Mrs. John Vautrin, Miss Esther Bettenhausen, Mrs. Robert Davis, Mrs. Irvin Rehberg, Mrs. Wesley Bettenhausen, Mrs. Clarence Bettenhausen. Mrs. Johnson is also song leader and pianists are Jane Rehberg and Janet Johnson. Mrs. Elmer Bettenhausen and Mrs. Earl Bettenhausen are in charge of the refreshments. Extra help was provided during the two weeks of the vacation school by several mothers.

Mr. and Mrs. William Rahm and Mr. and Mrs. Lester Christiansen attended the wedding of Miss Barbara Ann Wolf, daughter of Mr. and Mrs. Harvey Wolf Grant Park, Ill., and William Landis, son of Mr. and Mrs. Gordon Landis of Burnettsville, Ind. The wedding took place in the Emmanuel Lutheran church in Peotone. The couple will make their home in Chicago Heights upon their return from a Florida honeymoon. The Wolfs were formerly residents of Green Garden.

Robert Fulton and Samuel F. B. Morse, two American inventors born within 10 years of 1800, helped finance themselves as young men through successful portrait painting.

According to the Associated Press, the gas utilities and pipeline companies have so far spent \$500 million on holes in the ground. These holes amount to warehouses, in which gas is stored in the warm season for delivery when winter sends demand soaring.

A HIGH MOMENT—in the lives of these Intermediate Girl Scouts occurred last Saturday morning at Camp Thorn Creek when they were presented with the Curved Bar, highest rating available to them. Presentation was made by Mrs. Elmer Knudsen, wife of Tinley

Park's mayor, and chairman of the Neighborhood Council of Girl Scouts. When the picture was taken Mrs. Knudsen was pinning the bar on Peggy Fierke, awaiting their turns were Donna Herre (center) and Kathy Blue, extreme right, all of Troop 97, Tinley Park.

(Marvin Smith Photo)

Three Tinley Girl Scouts Get High Awards

Saturday morning, June 15, at Camp Thorn Creek, three Tinley Park girls were awarded the Curved Bar, the highest rank available to Intermediate Girl Scouts, making them the first Girl Scouts to be so honored in Tinley Park.

When Mrs. Elmer Knudsen presented the awards to Kathie Blue, Peggy Fierke and Donita Herre, she told them:

"You three girls have earned the Curved Bar, the highest award in Intermediate scouting. This is an accomplishment that of which you can be justly proud. As you look back over the years since you first joined the Girl Scout organization as a Brownie, you can readily see just how much you have accomplished. You have gained experience in many fields, out of doors, homemaking, arts and crafts, world friendship, government, and many others.

"This curved bar", she continued, "is also a great responsibility. You should be the finest example to the other Girl Scouts in Tinley Park of true scouting principles. And since the knowledge you have gained is not just for yourself alone, you must be prepared to use it in service

to others. The Curved Bar Rank is the step linking the Intermediate program to the Senior Scout program. You have learned a little about the fields you will be working in as you continue your Scouting Days."

Other Badge Winners

These girls are members of Troop 97, of which Mrs. Eleanor Blue is the leader, Mrs. Harry Frombach and Mrs. Allen Verhage are co-leaders.

Six members of Troop 97 went primitive camping Monday, Tuesday and Wednesday at Braidwood in order to earn their Pioneer badge. Ava Funk and Florence VerWey, who are outdoor consultants, accompanied the girls and worked with them on this badge. In spite of tornado warnings, torrential rains and collapsing tents, the girls had an enjoyable and profitable time, one which will not be quickly forgotten. The following badges were also awarded at the Court of Honor: Pioneer badge—Donita Heere, Peggy Fierke, Kathie Blue, Diane Knutson and Elaine Fiewell. World Trefoil badge—Kathie Blue, Donita Herre, Arlen Frombach and Peggy Fierke. Swimmers badge—Donita Herre and Peggy Fierke. My Community badge—Peggy Fierke and Elaine Fiewell. Cooks badge—Diane Bennett, Rebecca Montgomery, Michele Warner, Bonita Rauschert, Judy Anderson, Diane Knutson, Mary Ortelgel and Pat Cheney. Housekeeper badge—Judy Blitvich, Barbara Clement, Susan DeTalent, Kathy Flett, Marietta Kluge and Carolyn Matson. Camp Craft—Diane Knutson and Carol Sienert. Speaker badge—Elaine Fiewell.

17th Square Dance Festival to be Held Next Wednesday

The 17th annual Chicagoland outdoor square dance festival will be held at Rutherford Sayre Park 6851 W. Belden, on Wednesday, June 26, at 8 p.m. This free dance, under the

direction of John Dolce, will have the same bands which performed at the International Square Dance last year. Top Chicago callers, such as William Del Frank, John Duffield,

HOMER

Lockport, R. 1
Telephone Lockport 887W

Mrs. Emma West and Mrs. Charles Jensen will be hostesses to the Missionary society in Homer church social rooms Thursday, June 27 beginning with dessert coffee at one o'clock.

Mrs. Henry Rodgers is attending summer school in Joliet. Harlow Cagwin is a medical patient at Silver Cross hospital.

Mrs. Fred Kopelman of Lockport, formerly of Homer, is in Silver Cross hospital for observation.

The Rev. and Mrs. G. M. Taylor, Rocco Sinderson and daughter Lucia, all of Joliet were Sunday dinner guests at Ray Carlson's home.

The Country Charms 4H club met in the home of Bonnie Mlynarik June 5. Mrs. Galen Holloway of Lockport demonstrated flower arrangements, and Bonnie showed how to shrink yard goods. Refreshments were served by Bonnie and her mother, Mrs. Joseph Mlynarik.

Mrs. Joseph Mlynarik, 143rd st. won first prize in the recent Household Hints contest sponsored by the Lockport Herald, and Mrs. Delbert Shepherd, of Bruce rd., earned an honorable mention with her entry.

John Dixon, Homer Justice of the Peace, is making a commendable effort to stop the dumping of rubbish along rural roads in North Homer. He has fined two persons for this misdeed and warns that any further miscreants will be treated likewise.

Mrs. Owen Rowley and son Bruce of Sweeney, Tex., were guests of the Willard Rowleys' Monday and Tuesday. Mrs. Rowley has returned to her home while Bruce, who remained with his grandparents until Saturday, has gone on an eastern trip with the Harold Finleys.

Mr. and Mrs. Willard Rowley Sr., entertained at dinner Sunday evening in honor of the birthday of their son, Willard.

Jerome Boyce and his son Walter have returned from a motor trip to Colorado. Walter, who is a student at Blackburn college, will be employed at Shady Oaks camp, Parker road this summer.

Much to the surprise and regret of Homer church people, the Rev. Philip Muth tendered his resignation last Sunday to take effect June 23. On Sunday evening, June 16, the prudential committee met at the church to make plans for obtaining a full time pastor as soon as possible. A supply will fill the pulpit each Sunday and Sunday school will carry on as usual, in the meantime. Rev. Mr. Muth has accepted a pastorate in Clinton, Iowa.

Stewart Reiter has returned to the home of his parents, Mr. and Mrs. John Reiter for the summer's vacation. He is an agricultural student at Urbana.

Friends and relatives are invited to attend the marriage ceremony and reception in Homer church Saturday evening, June 22 at 8 o'clock when Miss Mary Buck of Homer becomes the bride of William R. Hammond of New Lenox.

Edna Burcham, Bonnie Mlynarik, Shirley Smith and Billy Carr spent four days last week at the Eastern State college at Charleston with the high school band. They played in a concert Sunday.

Fire of unknown origin partly burned the barn at the Stephen Dobias home Wednesday afternoon. The Lemont, Homer and Lockport fire departments were called and succeeded in extinguishing the fire before the building was entirely burned.

The J. Caesar family have moved to their home on Creme road recently vacated by the Nick Kowalink family.

Little Red School Field Trips to Begin on Sunday

by Roberts Mann
(Conservation Editor, Forest Presv. Cook County)

Recently my frau and I took an all day trip over the little traveled country roads in the southwestern part of Cook county, then south in Will county toward Kankakee, and back thru the southeastern section of Cook. Farmers, everywhere, were still planting corn. The wet weather in May had frustrated them.

Our Little Red Schoolhouse nature center on Willow Springs road, one half mile south of 95th st., is better than ever this year and more heavily patronized. Experimentally, on Sunday, June 23, we are going to conduct field trips for family groups and anybody else who wants to participate. The first one, accompanied by several naturalists, will start at 1:30 p.m. If there are enough people eager to go, other trips will follow and we hope that this may become a permanent feature.

IN FOR A PIT CHANGE—and then off in the wild blue yonder. Some purists may want to make something out of using a phrase from the airforce song in conjunction with this obviously landbound vehicle but then they were never aboard one of these contraptions when it hit a chuckhole and rocketed off into space. At the tiller—or is it the brake?—is Bruce Rodger, 14, 6636 Riverside dr., Tinley Park, while hunkered down with a piece off the car in hand is his brother, Ronald, 12. The boys have been rebuilding the vehicle and modestly assert they can get pretty good performance. We weren't there when the picture was made but looking at the look on Ronnie's face we get the impression that someone has just asked a stupid, bumbling type of question about carburetion or engine displacement. (Marvin Smith photo).

Mr. and Mrs. Manuel Camden, North Cooper street, will celebrate their golden wedding anniversary Saturday, June 29 with an open house reception from 2 to 4 in the afternoon. All friends and relatives are invited to attend.

Mrs. Bud Houk and sons Jim and John, have returned to their home at Ludington, Mich., after spending a few days here with her parents, Mr. and Mrs. Carl Jacobsmeier.

Miss Ann Walker, home economics teacher at Lincoln-Way high school left Friday for Fort Collins, Colo., where she will attend summer school at Colorado State university for four weeks.

Miss Sue Walker, her sister from Pawnee, Ill., has returned to her home after spending a week here with her. She will return to Joliet in September where she will teach kindergarten at the Raynor Park grade school.

The regular monthly meeting of the New Lenox Riding club was held June 16 at the home of Mr. and Mrs. Robert French, with 18 members and 11 guests present. The afternoon was spent in games on horseback, with Sandy Eden winning the prize. Supper was served by Mr. and Mrs. Ray French, and James York. Following the supper, the business meeting was held with vice president Robert French in charge in the absence of the president, E. C. Olsen. A breakfast ride was planned for

June 30 at the Bob Benson woods in Mokena. The monthly prize was won by Jim Pearce. Next month's meeting will be held at the Don Warning home.

Mrs. Leonard Warning received a bachelor of education degree at the 61st annual commencement of the Pestalozzi Froebel Teachers college Monday evening, June 10 at the El-eventh street theatre in Chicago.

Mr. Warning and sons Kurt and Karl, with Mrs. John Warning attended the exercises.

Mr. and Mrs. Arnold Pack, North Cooper street, were pleasantly surprised Sunday afternoon by a group of friends and relatives to honor their 25th wedding anniversary. They were presented with a tree made of silver dollars and also many other lovely gifts. At five o'clock a buffet supper was served. Guests were from Chicago, Lockport, Palos Heights and New Lenox. Those present from Chicago were Mr. and Mrs. Frank Parker and family, Mr. and Mrs. Alden Sherman and family, Mr. and Mrs. Z. Pukis, Mrs. Julia Richardson, Mrs. A. Sadulis, Mr. and Mrs. J. Darges and

Mr. and Mrs. J. Kluck and family of Palos Heights, Mr. and Mrs. J. Lewandowski of Lockport. From New Lenox were Mr. and Mrs. James Pukis, Mrs. Stella Stephens and daughter Linda, Mr. and Mrs. George Blom and Mrs. Grace Sweet.

Mr. and Mrs. Earl Schroeder and daughters, and Mrs. Freida Schroeder spent Fathers day in Saugatuck, Mich., with Mrs. Schroeders parents, Mr. and Mrs. A. W. Walsh.

U. S. News & World Report observes that U. S. demand for foreign automobiles is growing at a surprising rate. These imports — consisting mostly of small, extremely economical machines—accounted for only 0.6 per cent of the U. S. car market in 1954. This year the figure is expected to be about 3 per cent.

The New Lenox Sportsman club will meet Thursday night June 20 at 8 o'clock in the Lion's den on South Cedar road. There will be a movie shown on Outdoor Life, and refreshments will be served. All members are urged to attend.

Miss Mary Ellen McGovney left Sunday from Midway airport in Chicago to spend a three weeks vacation with Mr. and Mrs. Robert Park, formerly of New Lenox, at Silver Springs, Maryland. They will tour Washington, D. C., seeing many points of interest there, before going to Bay Ridge on Chesapeake Bay where they will spend several days. Mary Ellen will return home with her parents, Mr. and Mrs. Steven McGovney who will go to Silver Springs over July 4 week end.

The Friendly Neighbors club met Thursday with Mrs. Wilma Boldwin for a one o'clock luncheon. Meeting plans were made to attend the summer theatre at Hinsdale on July 24. Games were played after the meeting and prizes went to Mrs. Lillian Cvelbar, Mrs. Frances Kodat, and Mrs. Kay Gougar.

Timber of Shady Acres C. D. (Danny) received a 3rd and final leg on his second obedience trial Sunday at the Fox Valley Obedience Dog show in St. Charles. He scored 191 points out of a possible 200, giving him all three scores above 190. He now will be registered with the American Kennel club as a Companion Dog Excellent. Just one year ago at the same show he finished for his Companion Dog title. Danny is the pet cocker spaniel of Mr. and Mrs. E. C. Olsen of the Shady Acres Boarding kennels, New Lenox, and has been trained and shown by Mrs. Olsen.

There will be an ice cream so-

GETS PILOT LICENSE—Mrs. Dorothy Verhage, 16857 S. Oak Park ave., Tinley Park housewife and mother of two, has passed all the tests required for a private pilot license and has been granted same. Her greatest thrill, she said, came the first time she soloed. Mrs. Verhage is the first woman in Tinley to have a pilot license. Her husband, Allen Verhage, a member of the Tinley village board, is a pilot for United Air Lines, and probably be rated among the first 10 champion husbands in the world view of the fact that he was able to teach his wife to fly. She started her lessons with Edward Prosperi and completed the course with her husband. (Marvin Smith Photo)

Sister Mary Monica and Sister Mary Raphael, two former parishioners of St. Jude's Catholic church, made their temporary vows June 17 at the Immaculate Heart academy in Tucson, Ariz. Sister Mary Raphael is the daughter of Mrs. Frances Heisler, South Cedar road; and Sister Mary Monica is the daughter of Mr. and Mrs. Eugene Gable of Mt. Morris, formerly of New Lenox.

Bluebird 4H Club

The Bluebird 4H club met June 11 at the Lions Den with 26 girls and their leaders, Mrs. Ivan Archibald and Mrs. Gus Termunde, Mrs. Louis Balbinot Jr., and Mrs. William Stoner in attendance.

The girls repeated the pledge to the flag, and the 4H pledge, after which Betty Jean Werner gave a talk on sweets and teeth.

A demonstration on popping corn in an electric fry pan was given by Jeanine Peters, Mary Lubwy and Betty Dowle. Baking Brownies in an electric fry pan was given by Judy Termunde, and Cheryl Stoner.

Plans were made for Day camp for June 19 at Nowell Park. Each girl is asked to bring a sack lunch and a stick for cooking hot dogs, plus 50c to cover the cost of food for the evening meal. The group will meet at the drug store Wednesday at 9:30 am. and will return home about 9 pm. Any girls wanting to swim in Nowell pool should bring ex-

tra money.

The next meeting will be June 21 at the Lions den and will be sewing. All skirts must be finished by July 24.

Palos Players to Present Comedy

"Sabrina Fair", a comedy by Samuel Taylor will be presented June 28, 29 and 30 as the opening play of the Palos Village Players first subscription season. For the past fifteen years the Players have been offering south suburban Chicago excellent amateur theatrical productions and have finally taken the big step forward in selling the house on a season subscription basis.

Heretofore, the Players have drawn directors from their own ranks, but "Sabrina Fair" is being directed by Carl Stohn of the professional theatre. Mr. Stohn has a background of experience as actor, producer, and director both in the east and middlewest. At present he is industrial show director for Actors Equity in Chicago.

Can Make Reservation

The part of Sabrina is being played by Lee (Mrs. Fred) Muntwyler who has been cast in ingenue leads before in Players production. Playing opposite her will be Dick Frohlich, a newcomer to Palos Heights and the Village Players.

Others taking part are Olive Weibel, John Goes, Lorraine Moeny, Odette Phillips, Everett Wyatt, Russ LaMantia, Alice Peard, Jean Archambault, Don Archambault, Gay O'Connor, James Nowlan and William Fuhrberg Jr. Gay O'Connor, is formerly of Mokena where she

was a member of that theatrical group.

Reservations may be made by calling Gibson 8-1330 after 4:30 p.m.

Business and Finance

MAURICE P. ANGLAND

It is obvious that the development of antibiotics, vaccines, etc., is now big business. There are comparatively few firms that have concentrated their efforts in this field. To be successful in the field, firms must have developed considerable research facilities as well as production know-how. In addition to this, in order to be really successful, the firms must have established marketing machinery whereby their particular products are brought to the attention of the very busy physician by what are called 'detail men'. These men are rather highly trained who make regular calls on physicians with their products. The building up of an effective staff of 'detail men' to cover any large segment of the country, is usually a slow and rather expensive process. Some firms short cut this slow process, by buying a firm with such a detail staff.

One firm which has been successful in development as well as sales is Chas. Pfizer Co.. This company has developed a new drug to combat what is popularly known as hardening of the arteries (atherosclerosis) thru reducing the cholesterol in the blood stream. This drug is known as Linodoxin and it seems is likely to have a good market due to the fact that the medical profession is particularly interested in diseases which usually accompany the ageing process of the body. There are already other similar products on the market, but this product is said to be superior and will be marketed at a cost under that of competition. Linodoxin is not expected to be marketed generally for a few months. Financial research follows such developments very closely.

The president of this company advised the New York Society of Security Analysts that his firm had also developed another new product that is achieving excellent reception. It is growth stimulating hormones for livestock. Tests have shown these hormones capable of putting 60 extra pounds of weight on a steer at a cost of 18 to 27 cents per animal.

The company has also developed a new variety of mold that causes chemical changes in petroleum. The company feels this product may be an important entry into the very important field of petroleum chemistry.

The president also disclosed that Pfizer is a world leader in production of antibiotics, third in steroids, third in tension-relieving field, second in vitamins, first in motion-sickness and anti-nausea drugs.

It is expected that sales and earnings for 1957 will be about 10 per cent above 1956.

Allied Laboratories has been an important producer of Salk anti-polio vaccine. Analysts see few signs of deterioration in the Salk vaccine market. Allied Laboratories have developed four new drug products which are being test marketed at this time. The company also has an influenza vaccine which could have an important market. The vaccine is presently being analyzed by the National Institute of Health. Their decision is expected shortly.

Allied's common stock is now listed on the Midwest stock exchange, but is expected to be listed on the New York stock exchange.

Read John 3:14-21.

God commandeth his love toward us, in that, while we were yet sinners, Christ died for us. (Romans 5:8.)

Gloria had given vent to her temper by screaming while she pulled her bedding off her bed and tossed it on the floor.

Now, still pouting and miserable, she sat down on the porch beside her mother. Neither of them spoke. Finally, Gloria leaned her head against her mother's shoulder and said, "Does God love me, Mummy? Does He love me even now?"

"Yes," was the quiet reply, "God loves you very much, even now, but He doesn't love the way you have acted and what you have done."

A few minutes more passed. Then Gloria crept within the circle of her mother's arm and cuddled up close to her.

After waiting a while longer, the mother looked down at the little daughter and said, "shall we go in now and fix up your bed again?"

Looking up with a smile, Gloria said, "Yes, and I'm sorry for what I did and how I acted."

PRAYER

"Have mercy upon me, O God, according to thy loving-kindness. Hide thy face from my sins, and blot out all mine iniquities. Create in me a clean heart, O God, and renew a right spirit within me." In the Redeemer's name. Amen.

For Thou art not a God that hath pleasure in wickedness; neither shall evil dwell with Thee. — (Psalm 5, 4.)

God, the Creator and the Heavenly Father of even the least of us mortals, is the sum total of all the perfect love, the absolute good, that the human mind possibly can imagine — and infinitely, abundantly more. Only bountiful loving-kindness and goodness come from Him — never wrath or punishment.

Andrew Jackson lived with his wife for two years when they found that her divorce from her first husband was not valid.

CHRISTIAN SCIENCE CHURCHES

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon at Christian Science services Sunday, June 23.

Matthew's account of Christ Jesus' stilling of the storm at sea (8:23-27) is included in the selections to be read from the King James Version of the Bible.

Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (182:32-4): "The law of Christ, or Truth, makes all things possible to Spirit; but the so-called laws of matter would render Spirit of no avail, and demand obedience to materialistic codes, thus departing from the basis of one God, one lawmaker."

The Golden Text is from John (1:1,3): "In the beginning was the Word, and the Word was with God, and the Word was God. — All things were made by him; and without him was not any thing made that was made."

Cuborie

Sunday afternoon the Palos Highlands Cub Scouts joined with their Pack 3754 in celebrating the Cuborie at Camp Sullivan in the Forest Preserves.

Other Packs from Tinley Park, Palos Park, Blue Island and other neighboring communities were represented. Each Pack had its own display of handicraft which the Cubs have made in the past year. Pack 3754 of Palos Highlands won several highly prized awards.

The entrance to the Palos Highlands display was unusual as two large totem poles flanked the entrance. The poles were made by the fathers of the Cub Scouts from small barrels set one on top of the other and painted with Indian symbols and were joined together by an overhead arch made of branches and forced into shape to spell out the Packs name and number.

In the center of the overhead arch was a hand painted picture of an Indian Chief in full head-dress. Three large Indian wigwams were in the enclosure, and on the out side of the wigwams in place of a fence were white crosses from which hung Indian ceremonial blouses, which the Cubs wore in the parade.

The blouses were white with red oil cloth fringe trim. On front of each Cub's shirt were his tomahawk, shield, head-dress and tom-tom which he had made in his Den. On display were desk lamps, moose head plaques, painted bird pictures, book ends, bird houses, key holders and many other items the Cubs had made in the past year with his Den.

Cuborie was an all day affair. It began at 1 p. m. with games for the Cub and his father; at 3 p. m. the Indian parade where each Pack marched in full Indian dress and represented the various tribes from all over the United States.

In most Packs the mothers of the Cubs had made their outfits and in some instances the boys had Indian costumes which they wore.

A skit was presented by each Pack. Mr. Yoman's Pack opened the ceremony with the accepting of two new members to the beat of the tom-tom. In front of the camp fire and before the Chief. Each Cub was in Indian costume.

After each Pack had done their skit and during the extreme heat of the afternoon the Cubs and parents gathered in what ever shade could be found and had their picnic dinner.

At six o'clock the entertainment began with the Delaware Tribe from Summit dancing in full Indian costume. Each costume was beautiful with braves in feathers and beads and the squaws in buck skin and beads. The dances were authentic and learned from the Indians they depicted life in the Indian village. Among the dances were the Brave stalking the Eagle and making the kill, the dance to the dog etc. A Ranger and his wife from Camp Kiwanis sang and played the guitar and harmonica.

The Boy Scouts of America held a ceremony for the Cubs who will become Boy Scouts in the fall. The boys from Laguna Woods were Charles Harris and Norman Hegvi and from Palos Highlands, Dennis Peppie all of Pack 3754.

Parents and Cubs from Laguna Woods who attended the all day Cuborie were: Mr. and Mrs. George Brown and Rhett, Mr. and Mrs. Niebrugge and Bruce, Mr. Hegvi, Norman and Mark, Mrs. McBride and Mike, Mr. and Mrs. Anderson and Charles Har-

Troubles of Baby Robin

The afternoon of the 15th a baby robin was found in Tabbert's strawberry patch.

Somehow it had gotten the string tangled around its neck and must have been struggling to free its self for several days.

Andy picked it up but was unable to break the rope-like string. All the time that the Robin was in Andy's hands the larger birds were flying in circles over his head and scolding

Carole Tabbert Robison ran into the house for a scissors and cut the bird loose from the strawberry patch, when it at once flew out of Andy's hands with the string still around its

neck, and into the branch of a tree further back into the woods.

The two rescuers followed, knowing it didn't have the strength to fly far. The bird fell from the tree and after some quick searching, Andy found it and held it while Carole, painstakingly, cut the string from among the feathers. Then Andy threw it gently into the air and it took flight to the tune of thankful chirping from the "Robin" family.

June 16 H. L. Woodbury was sponsor for his nephew John Thomas Woodbury. Mr. and Mrs. Woodbury spent the day with his brother in their new home in DesPlaines.

Mrs. William Snedden returned from the hospital Friday afternoon and was seen enjoying the sunshine with her family, Sunday afternoon, on the front porch.

2-mile Parade, Pageant to Mark Shrine Day at Joliet Saturday

All roads will lead to Joliet Saturday, June 22, when Medinah Shrine Club Day is observed. In honor of the day, two great events have been planned—a spectacular and colorful two mile long parade at 2:30 o'clock in the afternoon and a thrilling pageant at 7:30 o'clock in the evening.

The parade will be thru downtown Joliet and will feature an Oriental band, speedy motor troops, camels, ceremonial Indians wearing the ever-present multi-colored head dress and the 40 Thieves of Baghdad as well as many other musical organizations and marching units. There'll be bouncy, funny clowns galore wearing their typical garb.

Colorful Costumes

In the evening, a three-phase extravaganza is to be presented at the Joliet Memorial Stadium, on U. S. 52, west of Joliet. The pageant which promises to be an unforgettable one, will be open to the public without charge.

During the show, the many units will perform to perfection. There'll be marching, drills, music and many other unusual and seldom-seen acts. And all performers will be wearing exotic and colorful costumes to delight the audience. Some of the groups coming to Joliet for the day will have two sets of uniforms or costumes with them—one to wear in the gigantic parade and another for the evening show of shows.

To help handle the traffic on

that day, the Joliet city police officers are to be aided by the auxiliary police. State and county police will be called on to assist also.

Plans Banquet

In order not to over-crowd the restaurants, many of the Shrine groups have made arrangements for dinners to be served at several east side churches.

A banquet is to be held at the Woodruff Hotel following the parade. It will be for the city officials and the Shrine officers. Myron Fitzhenry, of the Joliet Shrine club and chairman of the general planning committee, said every effort will be made to avoid congestion and to ease the flow of traffic.

The Joliet club is working to make the day a memorable one for all.

Tinley Girl Studies Church Youth Work

Miss Lucile Brandau is attending a Methodist youth caravan training center at Scarritt college at Nashville, Tenn. in preparation for voluntary service in Methodist churches this summer.

The training period began June 11 and will end tomorrow,

June 21. Then the trainees will serve six weeks with teams working for one-week periods in many churches. Each caravan is composed for four young people and one adult counselor. The teams assist local youth and adult workers with youth in planning worship, discussion, recreation.

All the caravaners are experienced in leading Christian activities among youth. They are being trained to give leadership and direction to the development of a youth program that will fulfill the ideals and purposes of the Methodist Youth Fellowship in the local church.

This summer's program will have 150 college students and 37 adult counselors as members of caravan teams with emphasis placed on the southern states for assisting in the church work.

My Neighbors

Miss Brandau is the daughter of Mr. and Mrs. Arthur Brandau, 80th avenue Tinley Park, will be a Junior this September at DeKalb State teachers college.

so modern, so clean, so cool!

As a Chicago retailer recently observed, "This is the electric age... electric servants are taking over in the home."

Typical of this trend is the change to the electric range. Women like their modern looks and appreciate surface units that keep pots and pans bright. And electric ovens hold the

heat more evenly because they are insulated on all 6 sides (not merely five).

Such refinements as automatic roasting, broiling, frying, boiling are easy to take, too. Equally important, you can be sure your new electric range will be modern for many years to come.

nothing gives your kitchen the modern look
like a modern electric range

and nothing cooks cleaner, cooks cooler or cooks food faster!

BEGIN NUCLEAR POWER STATION—At ceremonies marking the start of major construction work on Dresden nuclear power station last Wednesday (June 12), officials inspected excavation for the 190-foot steel sphere that will house the country's largest nuclear power reactor.

Participating in the ceremonies at the Illinois waterway site near Morris, were Cong. Carl T. Durham (N. C.), chairman of the joint Committee on atomic energy; Thomas E. Murray, member of the atomic energy commission; Cong. Melvin Price (Ill.), member of the joint committee on atomic energy; Gov. William G. Stratton; George R. Perrine, chairman, Illinois commerce commission; Willis Gale, chairman, Commonwealth Edison Co.; Francis K. Mc Cune, vice-president of General Electric Co.; and representatives of nuclear power group, co-sponsors of the project.

Scheduled for completion in 1960, the 180,000-kilowatt plant will be owned and operated by the Commonwealth Edison-Public Service Co. system. It is being built by General Electric Co. for a contract price of \$45,000,000, with completion scheduled for 1960.

Check-up of Corn Fields Can Pay Off in Bigger Returns

A field check-up tells whether corn is well fed or hungry for nutrients. Well fed corn gives high yields, high profits per acre.

It can pay Midwestern farmers to spend a few hours in their corn fields this summer checking up on the job they've done, reports the Middle West Soil Improvement Committee.

"Such a check-up can help you cut down your costs of production and get bigger yields next year per hour and per acre and per dollar invested in corn production," says the committee.

Here are some things to look for, says the committee.

1—Are all the stalks green all the way to the bottom? Off-color leaves and stalks indicate that something is wrong with the feeding of the corn plants. Either there are not enough nutrients in the soil, or something is interfering with the uptake of nutrients from the soil by the plants. Perhaps the soil is compacted so roots don't penetrate properly. Maybe insect damage is limiting the root system.

2—Are there enough stalks to use the fertility in the soil? The number of stalks needs to match the yield goals you had in mind when you planted the

field and fertilized the crop?

3—Is the soil loose and open, so air and water can get in and the plant can develop a strong root system? If the soil is solid underfoot—not soft and cushiony—then attention to the soil tilth may well pay good dividends next year. Perhaps organic matter is being used up faster than it is replaced. In this case you can build up the soil's tilth and structure by returning organic matter in the form of green manure or cover crops or crop residues put back in the soil.

4—What about the water supply for the crop? Is it running short? Is there run-off from the field before the soil is soaked up to field capacity? If that's the case, then something needs to be done to keep the water on the field and see that it gets into the soil rather than washing away.

"Whatever conditions you find," says the committee, "you can profitably give them attention. This can help you do a better job of growing corn next year, so your costs of production will go down and your profits will go up."

New "Tarzan" Big, Handsome and Muscled

There's a movie star on the screen with a bust that measures 50 inches, but whether it's a thing of beauty depends on the way you look at it. The star is a male. In fact, a male-male. His biceps muscle is a little

Gordon Scott and Cheta in "Tarzan and the Lost Safari," Sol Lesser production released by M-G-M, Mat 1-P

more than a foot and one-half around. His waist is 20 inches smaller than his chest. His height is 6-3 weight 218 pounds. It is impossible for an agent, or anyone else, not to notice

such a hunk of man undressed, which is what Gordon Scott was in 1954, when a movie agent saw him. He was a life guard and health club operator in Las Vegas.

Now he is No. 11 in the line of motion picture Tarzans that stretches back to Elmo Lincoln in 1918. He made his motion picture debut in 1954 in "Tarzan's Hidden Jungle," and now plays his second role as the famed ape man in Sol Lesser's production of "Tarzan and the Lost Safari," released by M-G-M. Filmed on location in British East Africa, this is the first of the Tarzan dramas to be shot in color and wide screen.

It will be playing at the Hill Top Drive-In Sunday, Monday, and Tuesday.

Auto is Made up of All Three - Animal Vegetable, Mineral

Of the more than 50 animal, vegetable and mineral products which go into the making of a modern automobile, less than half, surprisingly enough, are metals.

Furthermore, nearly one pound in every five of its weight is some non-metallic substance.

According to Dean Engle, chief engineer at Dodge, rubber is the most used of the vegetable species, with some 175 pounds of the bouncy stuff used for tires, shock mountings, weather sealers and foam-type upholstery. Gasoline is the only non-metal (though a mineral) which comes close to rubber, weighing in (with a full tank) at just over a hundred pounds.

Cotton, sisal, jute and cork are others of the vegetable family which have found their way into cars, Engle said.

Minerals, as might be expected, are the most common substances utilized in cars, among the weightier being glass, water, oils and plastics. However, if metals were added in here where they belong, minerals would outbalance animal and vegetable products by more than four to one, Engle added.

"It often comes as a surprise to learn how much material other than metal goes into a car," he said. "In a car weighing about 4000 pounds, just about 700 pounds will be non-metallic substances."

Ford Motor Co. Raises Wages

All Ford Motor Co. hourly employees and most salaried employees received pay increases June 1.

Approximately 137,300 hourly employees represented by the UAW will receive "improvement factor" increases of 2½ per cent or 6 cents an hour, which

ever is greater. The maximum increase will be 9 cents for employees earning the top base rate.

Most of the company's 56,600 salaried employees will receive increases ranging from \$10.50 to \$19.60 a month, depending on their base pay.

Eighth Raise

Contracts signed with the UAW and other unions in 1955 provide for annual improvement factor increases of 2½ per cent or 6 cents an hour, whichever is greater, through 1957.

This year's improvement factor will be the eighth paid by Ford. Hourly employees were granted a three-cents-an-hour increase in 1950, four-cent increases in 1951 and 1952, and five-cent increases in 1953 and 1954. The first six-cent increase under the current contract was paid June 1, 1955, and a similar amount was paid June 1, 1956.

Eligible salaried employees whose base salaries are less than \$784 a month will receive an annual improvement factor adjustment of 2½ per cent or \$10.50 a month, whichever is greater, effective June 1.

Low Temperature, Rains, Handicap Corn Growers

The farmer always has a worry. Last year, when it was dry, he wondered if it would ever rain; this year, when it was wet, he wondered when it would quit in time for him to get his crops planted. Another current worry for many northern corn belt farmers in the first week of June is continuing low temperatures. In most sections corn planting has been delayed a week to three weeks, because of rain, and what is needed now is high temperatures to speed growth. Instead, night temperatures of 40 degree have been reported in June in the north central corn belt. A DeKalb seed corn reporter says that in Southwest Minnesota it took four weeks for planted corn to come up—with seven to ten days being normal time.

Farther south, continued rains kept a wide belt too wet for planting. From West Texas, northeast across Oklahoma, Arkansas, southern Missouri, western Tennessee, southern Illinois, southern Indiana and into Ohio and Michigan rain continued to be excessive. Lubbock at the base of the Texas Panhandle, reported over 6" of rain in five days with more predicted.

Last year, south Texas farmers did not plant part of their sorghum acreage because it was too dry or when planted it failed to grow in dust; this year in the same areas it stayed wet so long that part of the proposed sorghum acreage was not being planted because it was too late.

Oat prospects are quite spotted, flooding in central Michigan, central Illinois, southern Illinois and Indiana have damaged crops severely as well as keeping down the total acreage sown.

The Kansas wheat harvest will be several days later than usual because of the heavy rains accompanied by low temperatures have made a rank, heavy growth which takes longer to mature. Hay and pastures are abundant crops in most areas because it takes moisture for maximum foliage for production, but continued rain has hampered hay harvest and drying in many sections.

Carpentier Urges Law Agencies To Keep Books on Bad Drivers

Joliet Group Launches Fight on Home "Gyps"

The home improvement "gyp artist" is hard at work in Joliet and Will county, warns Thomas Crowther, president of Will County Home Improvement Protective Association. The protective association is a newly formed division of the Joliet Association of Commerce. Members are local contractors and dealers, pledged to campaign against the fly-by-night operator with "shady" deals for siding, roofing, landscaping and most other types of remodel and repair.

Mr. Crowther explained that the most common pitch was to offer the home owner a fabulous discount because the home was to be a "model" for other prospects to see. Usually, even after taking the discount, the victim is tied to a long term contract with carrying charges totalling far more than the job was worth. Numerous other schemes are used, all of them appearing to offer special price advantages which Mr. Crowther describes as "mere bribes" to cover the fact that the price is outrageous.

The Home Improvement Protective Association is called HIPA and members have the emblem so identifying them on their doors. Home owners are advised to check with their attorneys or real estate men before signing anything. Or, call the Association of Commerce and ask for a member of HIPA for guiding in working out their home improvement plan.

Secretary of State Charles F. Carpentier urges local law enforcement officials to make constant use of the lists of persons whose drivers licenses or driving privileges have been revoked or suspended which his office sends them.

Every chief of police, sheriff and state's attorney in Illinois regularly receives the names of persons residing in his area of jurisdiction who have been revoked or suspended, Mr. Carpentier said.

In addition, each of the 14 district headquarters of state police receives a list for the entire state, he said. This procedure has been followed since the present drivers license law became effective July 1, 1953.

When a person arrested for a traffic violation cannot produce a valid drivers license, his name can be checked against the appropriate file to determine whether he is continuing to drive after revocation or suspension, Secretary Carpentier said.

The offense of driving after revocation or suspension Mr. Carpentier described as an extremely serious one.

"These are the people who have proved, by their own actions, that they cannot be trusted behind the wheel of a car. To permit them to drive after their privilege to do so has been revoked or suspended is unnecessarily endangering the lives of everyone they meet on the streets or highways," Secretary Carpentier said.

Through a combined program with 29 Midwestern liberal arts colleges, it is possible for a student to earn both a liberal arts and an engineering degree at Illinois Institute of Technology, Chicago, in five years.

Secretary of Agriculture Benson and Representative Whitten of Mississippi recently engaged in a rather heated debate on farm policy. It ended, however, in a lighter note. Secretary Benson: "When we get on the other side, if you and I meet, we will probably still discuss the farm problem". Mr. Whitten: "Mr. Secretary, where I hope to go and I trust you will go, I understand there are no problems."

Card of Thanks

We wish to express our appreciation and thanks to our relatives, friends and neighbors for the many acts of kindness extended to us during our recent sorrow; also for the many cards, floral offerings and for donations of cars. We also thank the Rev. William Riemann, Oliver Keisler and Mrs. Donald Maue for their comfort, by word, song and music; and to the inhalator squad who so wonderfully responded to our call.

MRS. ANTON BENSON,

FUNERAL TOMORROW— (Continued from page one) 7 and 10 p.m.

Served in Korea

Wayne was born at Joliet, Jan. 25, 1933 and attended school there. He was graduated from Joliet high school in 1950. He was a coronet player and was a member of both the championship grade and high school bands.

He served in the army from January, 1953 thru February, 1955, and 16 months of his service was spent in Korea. Before his induction in the army young Massey was employed by the Public Service Co., but after his discharge he went in business with his father. The Massey family moved to Frankfort seven years ago from Joliet.

Besides his father and mother, the former Lorraine Hedberg Wayne is survived by a brother, Jay, 20, a sister, Shirley, Mrs. Glenn Christiansen, of Frankfort, and his maternal grand-

parents, Mr. and Mrs. Carl Hedberg of Joliet.

2 Car Crash

Charles Ingram, 41, Bruce rd., Homer township, was seriously injured Sunday night in a 2-car collision on U. S. 6, near Cedar road. He is in Silver Cross hospital, suffering from fractures of both legs, his left arm, and chest injuries.

The crash occurred near the home of Dr. Raymond J. Kennedy on Route 6, and he gave aid to the victims at the scene. Driver of the other car, James Boggan, 34, of 34 Marquette st., Chicago, has a fracture of the right arm and complained of chest pains. He too was taken to Silver Cross, with his wife, Floreine, 35, and their 7-year-old son, James. Mrs. Boggan was cut and bruised about the legs and body and the boy complained of pains in his right shoulder. The Boggans have been released.

According to sheriff's deputies a witness said that Boggan, traveling east, passed another eastbound car and crashed head-on into Ingram's automobile which was westbound.

The accident occurred at 7:35 o'clock Sunday evening. Ingram was pinned in his car and rescuers had difficulty in extricating him from the wreckage.

Learn to Swim Campaign Will Open Monday

The Will county chapter, American Red Cross 'learn to swim' program in Joliet will be June 24 to Aug. 2, according to Donald L. Kienlen, water safety chairman.

All enrollment will take place directly at the pools this year. The enrollment dates are as follows: Nowell pool - June 14 9:30 a.m. to 12:00 noon; Chaney pool - June 15 9:30 a.m. to 12:00 noon. Addition enrollment dates will be set up as deemed necessary.

Children must be at least eight years old in order to enroll. "Only a limited number of beginning students will be accepted this year in order to insure smaller classes and thereby be able to give better instruction," Kienlen stated. The present plan is to enroll 100 beginners for each session and take additional students only if we are able to receive more volunteer instructors. We don't want to assign more than 10 students to any one instructor",

Kienlen added.

All students who enroll must be able to make all sessions of the class which they choose or their enrollment will not be accepted. The sessions will be as follows: June 24 to July 5, July 8 to 19, July 22 to August 2. Two sessions will be held at Nowell pool each morning at 9:00 a.m. and 9:45 a.m. The Chaney pool classes will be at 11:00 a.m.

All Red Cross classes are taught free of charge by volunteer instructors.

The classes will be under the supervision of the two summer staff members of the Will county Red Cross. Miss Jeane B. Adkins of Joliet and Miss Hester Jo Hursh of Wilmington.

William Abbe Dies at Mokena

William Abbe, 90, a resident of Mokena for the past 32 years died in his home Saturday, June 8. He had been in poor health for several years.

He was born May 18, 1867 on a farm near Tinley Park, the son of Christopher and Johanna Abbe. He was married to the former Marie Siemsen in 1893. To them was born a son George. Mrs. Abbe died in 1903. He was united in marriage with Miss Hulda Feite, in 1907 and to them was born a daughter. His active life was spent farming and when he retired, he and his family moved to Mokena in 1925 where they have lived since.

Besides his wife, Mr. Abbe is survived by a son George, of Mokena, and a daughter, Mrs. Clara Burkhardt, of Florida, five grandchildren and 10 great-grandchildren.

Death Claims Albert H. Cooper

Albert H. Cooper, 87, a native of Orland Park, died in Silver Cross hospital at Joliet Monday after a short illness.

Mr. Cooper was well known in this area. He was born at Orland Park Nov. 1, 1869 where he spent his youth.

His first position and business was as postmaster and proprietor of the only general store in the once thriving village of Alpine. When that village did not fulfill the founder's dream and ceased as a village, he and his wife, the former Miss Anna Pease of New Lenox moved to Rockford, Ill.

That was in 1912 where he again operated a grocery store and was also employed by the Rockford Wholesale Grocery.

In 1954 he retired and moved to Joliet living at 568 E. Cass st. He was a member of the Orland Park Methodist church and of the Modern Woodmen of America.

Surviving, besides his wife, are a son, Donald of Elmhurst; three grand children; three brothers, Frank, Howard and John all of Orland Park and a sister, Mrs. Alice Newton, Joliet.

Funeral services were held yesterday (Wednesday) afternoon at the Orland Park Methodist church with the Rev. Robert Plastow officiating. Burial was in the Orland Park Memorial cemetery.

At 4 p.m. each day trophies will be awarded to Grand Champions and exhibits will be released.

On Friday, Aug. 2 the beef and swine exhibits will be shown. Judgement will start at 10 p.m., and animals will be re-

ICE AND FIRE—Mokena firemen who were called out early yesterday morning to extinguish a fire in the insulation of a refrigerator car on the Rock Island railroad could have really enjoyed it Tuesday morning when the heat wave was on in full swing. The car was carrying about 25 tons of carrots plus a lot of tons of ice. The temperatures yesterday morning were low enough so firemen didn't appreciate the opportunity to fight a blaze while hunkered down on ice. They are hopeful that the Rock Island doesn't get the habit of bringing its fires to Mokena to have them extinguished. Mokena firemen were called Monday to put out a fire in a diesel locomotive. Crop Show Later

Honey, entomology, electricity, handicraft, crops, tractor, soil conservation, soil improvement and wildlife projects will be shown at the crop show, Nov. 4, 1957.

Entries must be made thru the 4-Hleader prior to July 9, 1957.

All 4-H boys and girls must show their projects at the 4-H club show or at the crop show in November. Each exhibitor is responsible for obtaining necessary health certificates from an accredited veterinarian for each animal shown.

Superintendents for the various divisions are Lawrence Meyer, Manhattan, and Ivan Archibald, New Lenox, beef; Ralph Klett, Joliet, dairy; Ronald Hack, Peotone, swine; Delbert Breitwieser, Lemont, sheep; Reynold Siemsen, Peotone and rabbit; Virgil Selk, Beecher, beautification, garden and horticulture.

Release Five Suspects In Tinley Robbery

Five suspects who were questioned by Tinley Park police chief Harold C. Moore, regard-

ing the recent robbery of the Service Bakery safe, were released when no evidence was apparent that they were implicated in the robbery.

According to police chief Moore, a tentative identification of another suspect has been made and is being investigated.

The robbery occurred on June 2, when three swarthy men of medium height removed the safe from the bakery after an unsuccessful attempt to open it on the premises. The safe when recovered in Chicago the following day, contained only a small amount of charred bills and currency.

The bandits locked up seven employees in a back room, before hoisting the safe on a truck belonging to one of the employees and driving off.

Glenn Curtiss piloted an airplane called the June Bug on the first public flight of a mile in the United States.
